## Positive Result At The Anti-Doping Test In Stuttgart

During the German Open Championships 2006 at Stuttgart, Germany, anti-doping testing were performed by the IDSF Anti-Doping Commission headed by IDSF Anti-Doping Director, Ko de Mooy.

We regret to have to inform you that the test result of the Lithuanian athlete **Edita Daniute** was positive. Sibutramine, a forbidden stimulant, was found in the A-sample. The positive test was confirmed by the analyses of the B-sample.

This anti-doping rule violation is now under the responsibility of the IDSF Disciplinary Council, that will take a decision very soon.
