IDSF 1st Vice President Removed From Office

On July 18, 2005 the IDSF Presidium approved a Motion by IDSF President Rudolf Baumann under Article 14 of the *IDSF Statutes* to remove Mr. Harald Frahm, of Germany, from his offices as IDSF 1st Vice President, Member of the IDSF Presidium, and Member of the IDSF Planning & Development Commission, effective immediately.

Mr. Frahm's removal follows his suspension by the Presidium 10 days earlier, amid continuing allegations of corruption against him in the "Jurgen Emig TV-corruption affair" in Germany. His powers and authority in IDSF are now fully terminated.

Mr. Frahm has assured the President and the Presidium that the allegations against him are without foundation and that he is defending against them vigorously in the German Courts. The IDSF Presidium notes his repeated assurances of his innocence, but has removed him from office because of the continuing unwarranted connection being made by the media between the allegations, and IDSF's good name and reputation.

Rudolf P. Baumann
IDSF President
