

Competition Number Cards for WDSF Competitions

General

Competition Number cards shall have a minimum and maximum size

Characters on Competition Number Cards must be printed in a font permitted in this Appendix.

The font shown below displays clear differences between digits with similar features, e.g. 1 & 7, 5 & 6, 8 & 9. E.g. see below..

The production of the number cards should require minimum effort, using standard fonts and standard printing machines.

Fonts must have a proportional layout, e.g. the digit "1" is much smaller than digit "5". This Appendix does not fix the width of every digit regardless of the proportional font, because doing so would require too much effort from the number card designer and print shop, requiring each digit to be fitted individually, rather than using a standard font face.

All word processing software can compress the font used to fit into a given frame, so accordingly, that automatic technique must be used to compose and print Competition Number Cards.

Permitted Colours

The highest contrast can be achieved by using white paper and printed black digits or black paper with printed white digits.

In big competitions organizers may prefer to use number cards in different colours to support the organization.

In that case the print shall be always black. The colour used for the number cards must always produce a contrast which is as high as possible to allow all officials to read the numbers clearly from every position around the competition floor.

Size of Competition Number Cards

The backs of Juvenile and Junior boys are naturally short shorter and narrower than those of Youth or Adults, so two other sizes are permitted for them:

Size "small":

13x17cm (without advertising area)

15x17cm (with advertising area)

This size may be used for all WDSF age groups, but is mandatory for Juvenile I & II and Junior I competitions.

Size "large"

15x21cm (without advertising area)

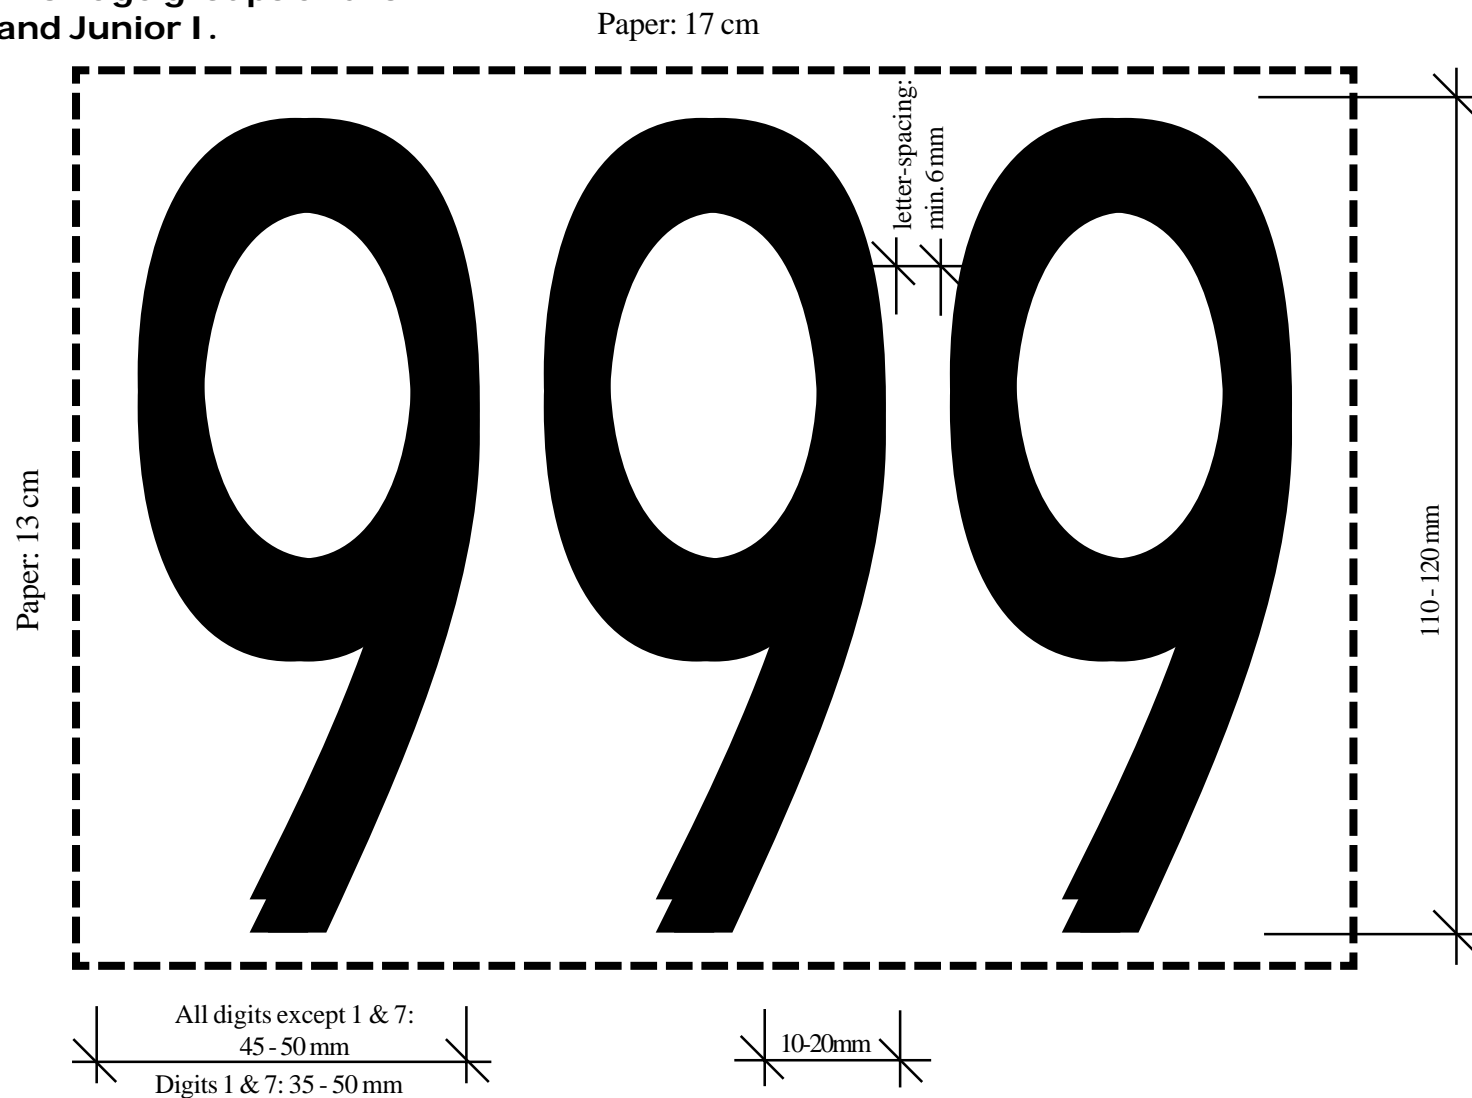

18x21cm (with advertising area)

This size may be used only the following WDSF age groups: Junior II, Youth, Adults and all Senior groups.

**Number Card, small,
without advertising area
13 x 17cm**

This size may be used for all WDSF age groups and is mandatory for Juvenile I & II and Junior I.

Font: Arial Narrow
Height: 415 pixel
Width/Scale: 58%
Type Style: bold

**Number Card, small,
with advertising area
15 x 17cm**

This size may be used for all
WDSF age groups and is
mandatory for Juvenile I & II
and Junior I.

Font: Arial Narrow
Height: 415 pixel
Width/Scale: 58%
Type Style: bold

Paper: 17 cm

Advertising Area

Paper: 15 cm

999

letter-spacing:
min. 6 mm

110 - 120 mm

All digits except 1 & 7:
45 - 50 mm
Digits 1 & 7: 35 - 50 mm

10 - 20 mm

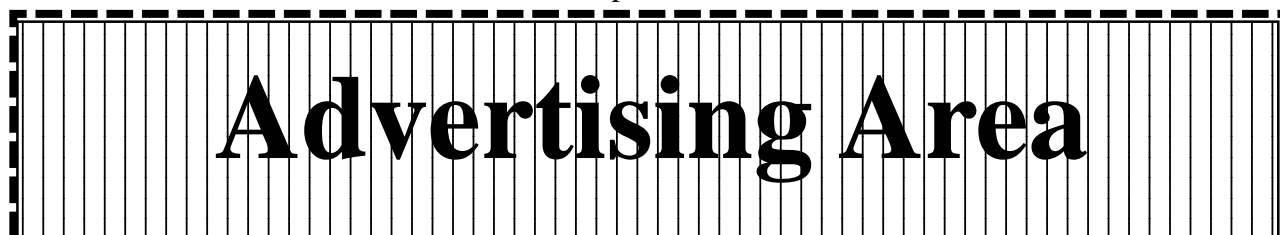

**Number Card, small,
with advertising area
15 x 17cm**

(showing narrow digits 1&7)

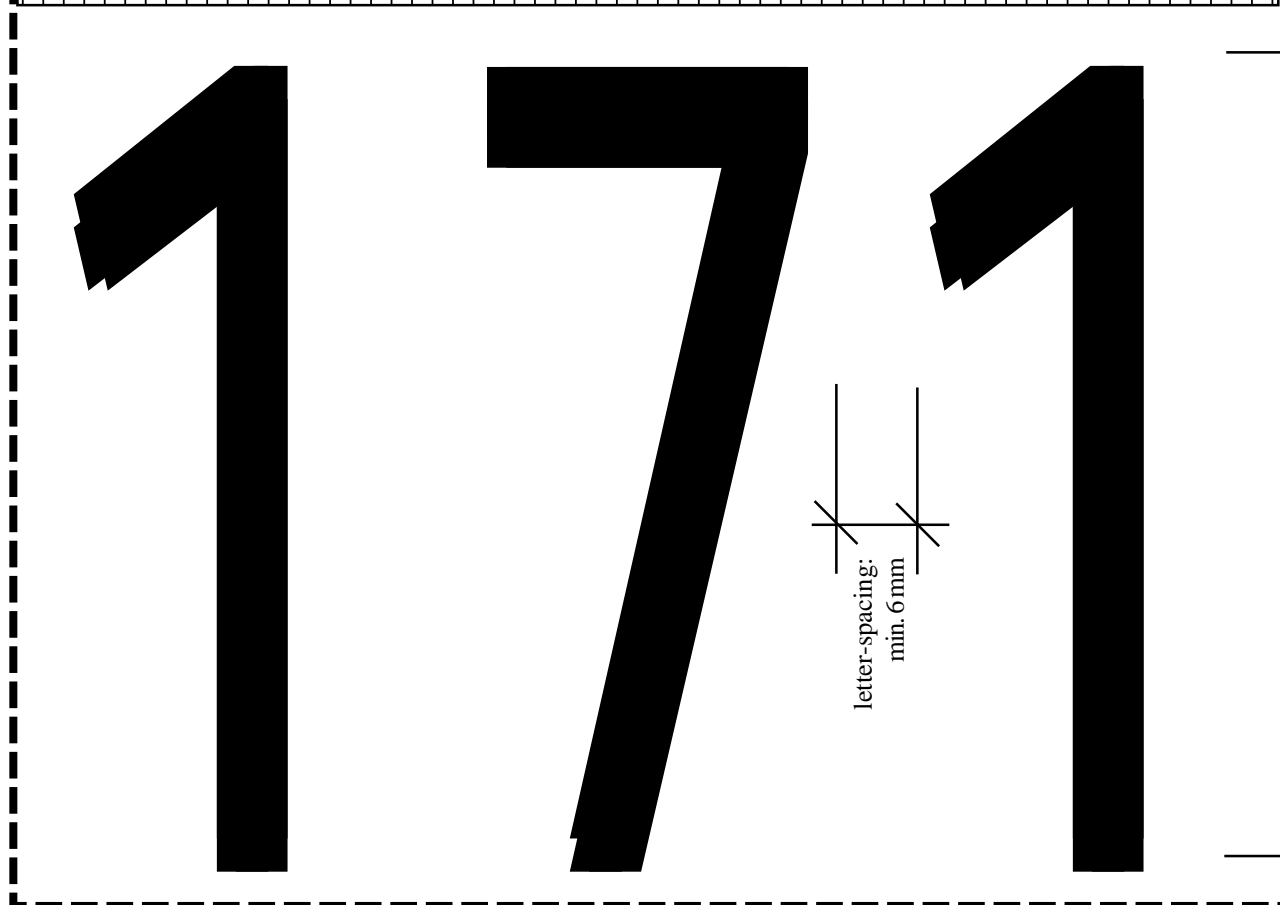

**This size may be used for all
WDSF age groups
and is mandatory for
Juvenile I & II and Junior I.**

Font: Arial Narrow
Height: 415 pixel
Width/Scale: 58%
Type Style: bold

Paper: 17 cm

Paper: 15 cm

letter-spacing:
min. 6 mm

digits 1&7: 35 - 50 mm

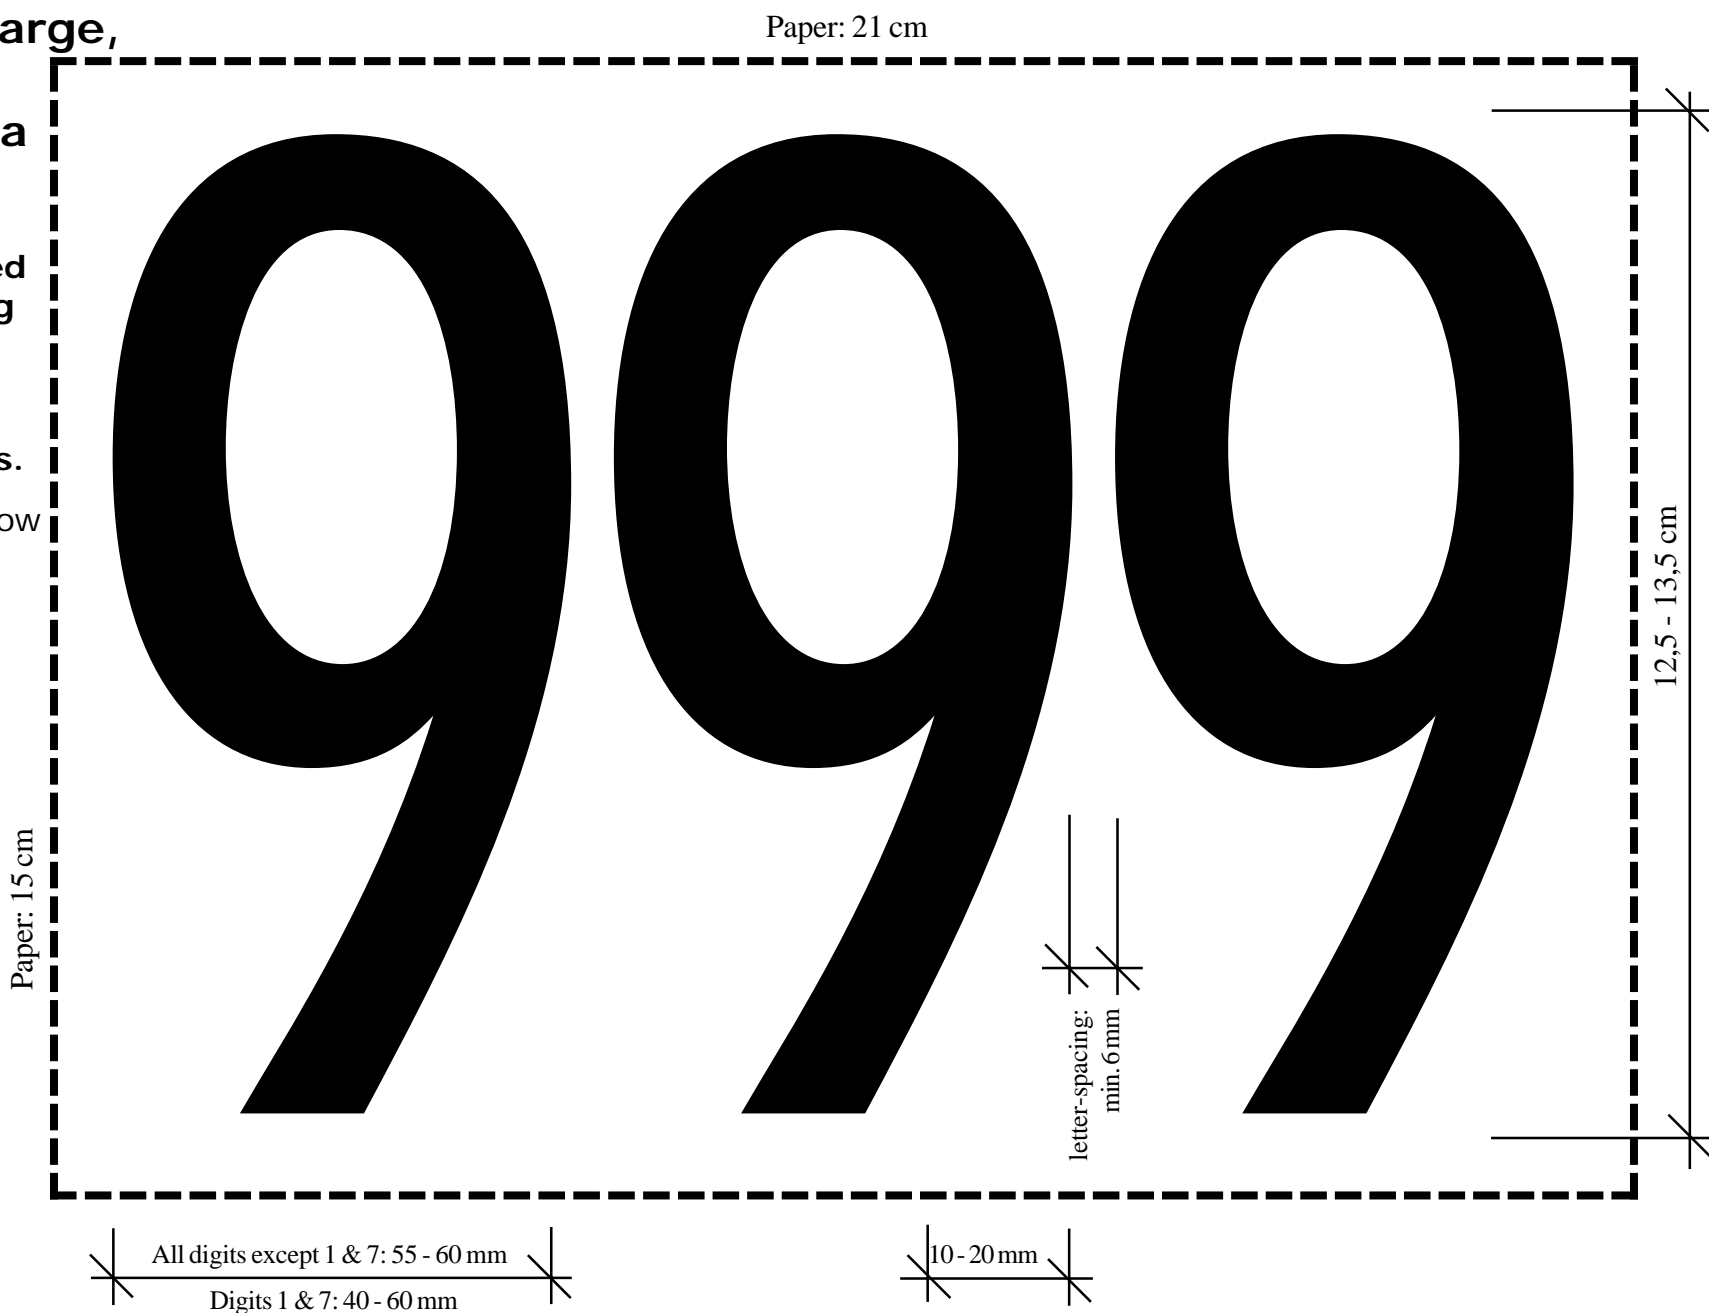

10 - 20 mm

110 - 120mm

**Number Card, large,
without
advertising area
15 x 21cm**

**This size may be used
only for the following
WDSF age groups:
Junior II,
Youth, Adults
and all Senior groups.**

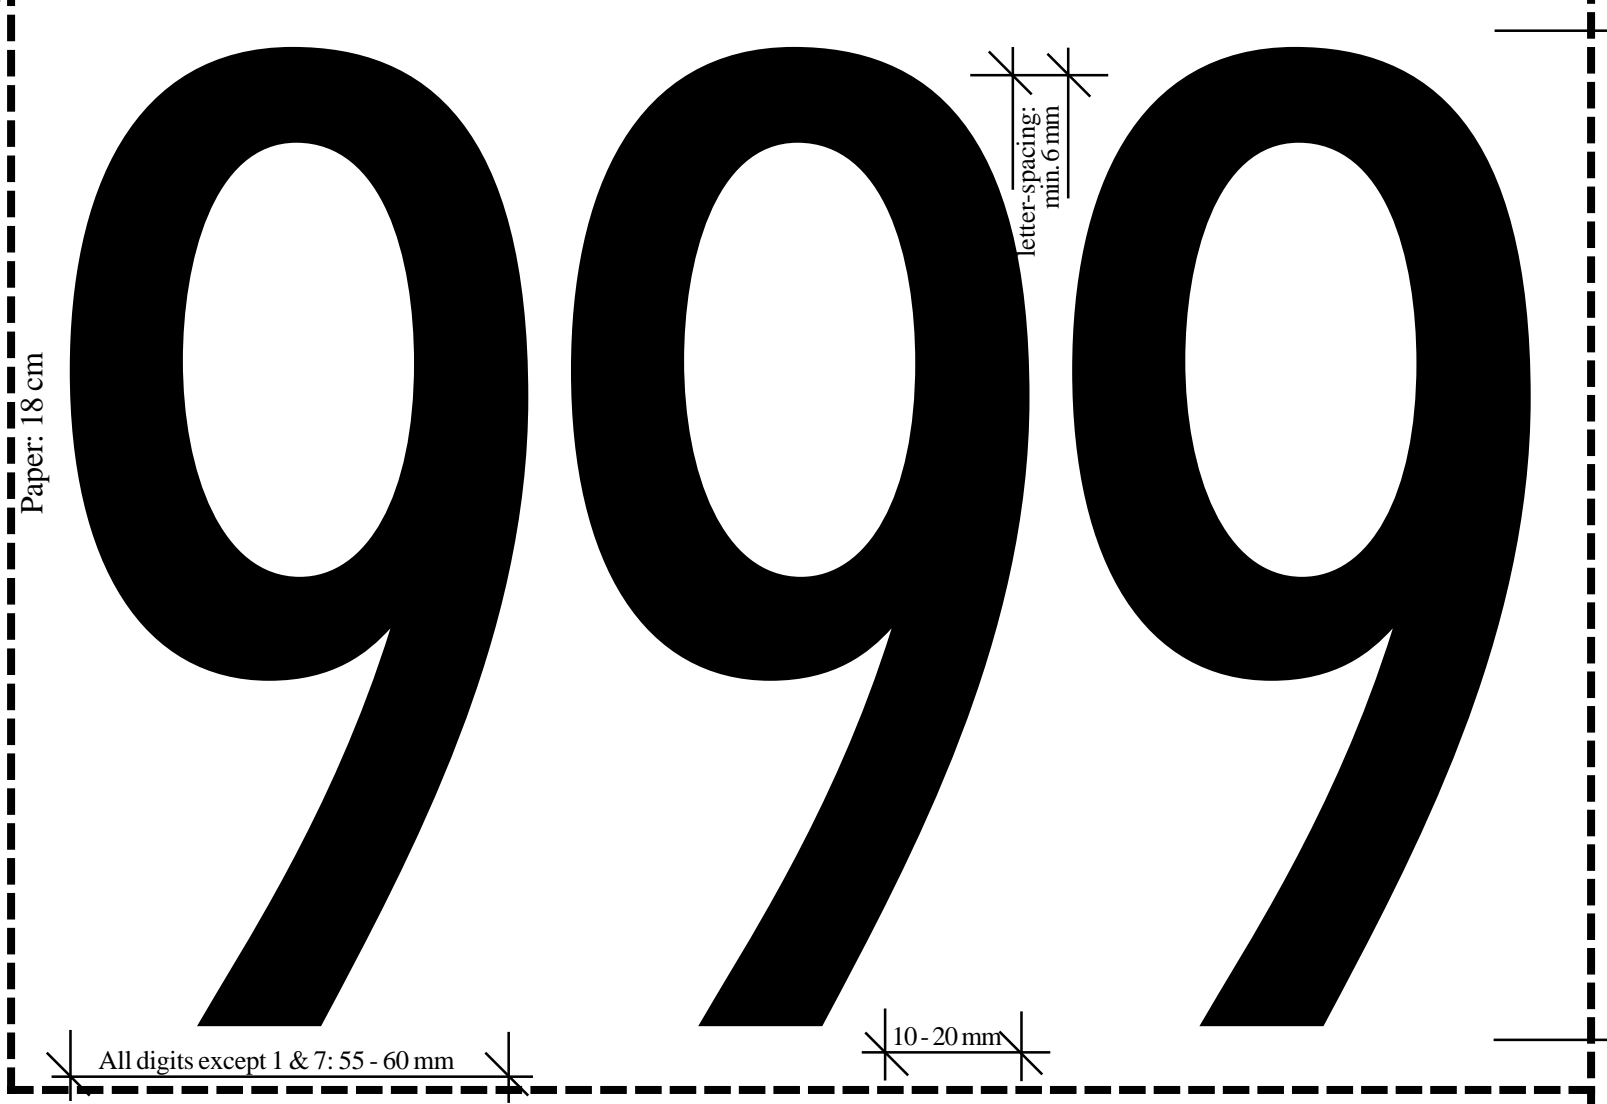

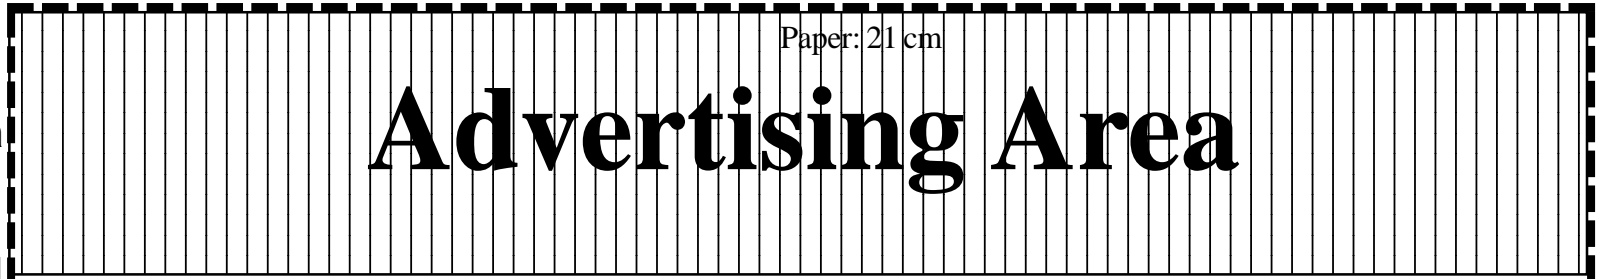

Font: Arial Narrow
Height: 520 pixel
Width/Scale: 85%
Type Style: bold

**Number Card,
large, with
advertising area
18 x 21cm**

**This size may be used
only for the following
WDSF age groups:
Junior II,
Youth, Adults
and all Senior groups.**

Font: Arial Narrow
Height: 520 pixel
Width/Scale: 85%
Type Style: bold

Paper: 18 cm

All digits except 1 & 7: 55 - 60 mm

Digits 1 & 7: 40 - 60 mm

10 - 20 mm

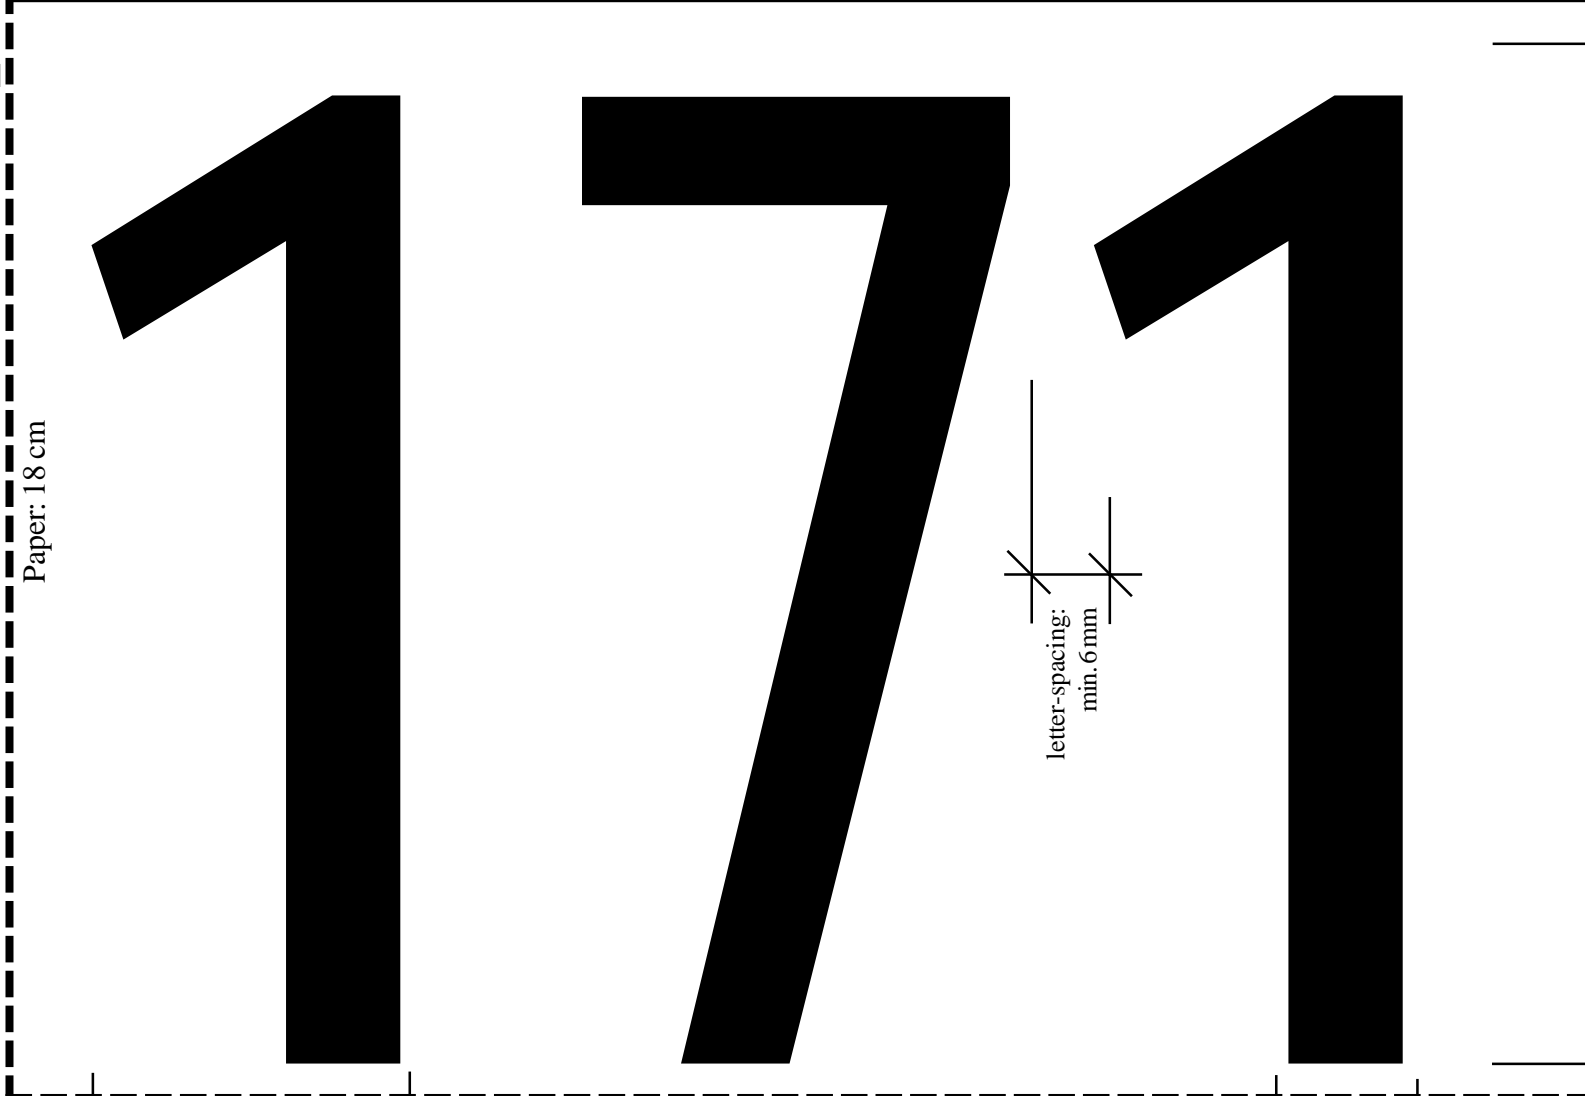

125 - 135 mm

**Number Card,
large, with
advertising area
18 x 21cm**

(showing narrow
digits 1 & 7)

**This size may be used
only for the following
WDSF age groups:
Junior II,
Youth, Adults
and all Senior groups.**

Font: Arial Narrow
Height: 520 pixel
Width/Scale: 85%
Type Style: bold

Example digits

Font: Arial Narrow
Width/Scale: 75%
Type Style: bold

1 2 3 4 5

6 7 8 9 0
